CORRECTIONS DIRECTORS REPORT – Correction Director Dave Arnold was present and he reported that the daily average population has gone up from 140 to 145 inmates, this is over a 60-day period. They booked 611 over the last two months. The arrests have stayed the same with the police department with the most and then the sheriff's department. The number of sentences from county court were higher.

He reported that he received a letter from the state concerning the reimbursements that are owed to the county and they stated that this might not be paid until the deficit is addressed. So some of the funds may not be received until May of 2003.

He stated that Best Foods, the company that provides the food service for the jail is going to be bought out by Arrowmark. The company provides the kitchen help and the food for the inmates and the county pays them per diem.

Jeffries questioned information in the packet concerning the arrests and asked if the county holds any inmates for the Marshall Service and Arnold stated that they do not.

Dave Arnold reported that Jail Standards held the jail inspection on September 24<sup>th</sup> and that the jail did pass inspection. They will be sending the approval.

Scott Arnold reported that he attended a crime commission meeting and the commission has to cut 10% out of their budget and there was discussion on doing away with jail standards. Dave Arnold stated that this would make the county's job more difficult. You could do what you want but that would increase the county's liability.
